Sir:

Applicants request reconsideration of the rejections in the
Office Action mailed August 9, 2005, in light of the following
remarks.

Applicants acknowledge that the previous rejections have
been withdrawn, and submit, with respect, that the claims are
patentable over the new rejections discussed herein.

The rejection of claims 1 and 5 under 35 USC 103 as
unpatentable over Locker et al. EP '133 in view of Close et al.
'865 in view of Machida et al. '079 is respectfully traversed.
Initially, it is believed that Machida et al. '079 is not part
of the rejection, and the arguments below are presented based on
that assumption.
